

The Program

The COVID-19 pandemic, the shrinking funding landscape, and the rising call to address systemic racism have produced unprecedented conditions within for-public-benefit organizations. Maximizing Governance hopes to equip small and emerging organizations with the tools they need to thrive in this changing environment.

To meet this challenge, in 2020 and 2021, Maximizing Governance will offer the following supports:

- 10 publicly available webinars
- 10 organizations will be selected to receive up to 9 hours of focused coaching from seasoned non-profit professionals
- Opportunities for peer-learning through learning exchanges
